

Parent Questionnaire February 2017

We are delighted to share with you the results of our Parent Questionnaire, February 2017. We value our partnership with parents and thank you for this feedback.

Firstly, thank you for all the positive praise; we are pleased that so many of you are happy with our provision.

We are pleased to report that the results from our 104 responses are overwhelmingly positive and this shows that the improvements and developments that we have put in place over the last few years are having a beneficial impact on children's learning, progress and well-being.

A few parents have mentioned bad language on the playground and we do ask that parents and carers respect the fact that this is a school and bad language is not tolerated. Children copy what they hear and other parents should not have to listen to foul language. Please report instances of this to the senior members of staff.

Some parents would like more homework and others would like less! Our home learning policy includes additional websites which can be utilised for additional activities.

Overleaf is a summary of the responses to our questions and below are comments made (names/identifying comments have been removed):
