Early Help for Children and Families at Catshill

Providing early help to our pupils and families at Catshill means we are more effective in promoting support as soon as we can. Early help means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years through to teenage years.

At Catshill, our Pastoral and Safeguarding team meet daily to discuss any concerns. This team includes:

Mr Essenhigh – Executive Headteacher – Designated Safeguarding Lead DSL

Mrs Plant – Head of School, Catshill First School & Nursery (CFSN) – Deputy DSL

Mr Thompson – Head of School, Catshill Middle School (CMS)

Mrs Harper – Catshill Middle School – Deputy DSL

Mrs Wainman – Catshill First School & Nursery – Deputy DSL

At these meetings we discuss:

How the child presents	Behaviour	Attitudes to learning
Friendships	Family issues	Additional needs
Any support they receive	General progress	Other agencies involved

This allows us to identify any pupils and families that would benefit from early help and allows us to help them access the services in the school and beyond the school.

PREVENT TRAINING – Radicalisation.

Mr Essenhigh has received PREVENT training (and is also a PREVENT trainer) and has trained the team on how to identify the early stages of radicalisation and what to do. We follow the mantra;

NOTICE

CHECK

SHARE

All staff have completed the Channel online training.

Child Sexual Exploitation

All staff at Catshill have been trained to identify early cases of child sexual exploitation. At school we use the CSE Screening tool if we have concerns.

Female Genital Mutilation

All staff have received training on FGM. Teachers know how to identify if a child may be at risk. They know the signs to look for and most importantly how to refer, following the schools' safeguarding procedures.

At Catshill we meet the needs of our children through a variety of ways:

Pupil Voice – pupils are actively encouraged to speak about any concerns they have to a member of staff or to our pastoral team. In lessons children are taught to speak openly about their emotions. Pupils know the staff take all their concerns very seriously. .

- Children’s questionnaires ascertain if they feel happy and safe
- E-safety assembly delivered to all pupils
- E-safety presentation offered to parents
- Our staff conduct assemblies for E-Safety, SEXTING and other relevant topics
- Senior Leadership Team presence during unstructured times
- School nurse offers fortnightly drop in appointments and has delivered an assembly to pupils.
- The DSL meets the police on a regular basis

ATTENDANCE

Mrs Harper (CMS) and Mrs Wainman (CFSN) are the lead on attendance. They monitor this weekly and follow our attendance policy to support pupils and families with attendance below 90%. The aim is to offer help and solutions to any problems.

The school operates a first day response system. Call and text followed by face to face visits where appropriate.

SAFEGUARDING

- All teachers and staff know precisely how to identify and report concerns, via staff training on induction and our regular updates on safeguarding.
- Child protection files are kept by the DSL / Deputy DSL.
- ATTENDANCE team follow missing from education guidance.
- All new staff complete safeguarding inductions.
- We have a designated teacher for children in care and post care.

We have a record of annual recording that all staff have read Keeping Children Safe in Education (Sep 2018).

Behaviour for Learning at Catshill

The schools encourage and reward pupils for being champions on a lesson by lesson basis

Pupils are rewarded by end of term treats and other entitlements for meeting certain targets. Our school behaviour policy is followed for pupils displaying unwanted behaviours. At CMS parents can access their child’s behaviour for learning record via Go4Schools.

Pastoral Support

Mr Thompson and Mrs Plant work with pupils and families to support their needs whilst also signposting them to relevant agencies. With families consent, we can refer families for further family support.

SENCO

The SENCO in each school works with children and families with additional needs and can signpost parents to many different agencies.

Designated Safeguarding Lead (DSL)

The DSL (Mr Essenhigh) ensures rigorous and robust systems are in place within the schools to ensure the safety of all of our children.

In **Keeping Children Safe in Education 2018** it makes it clear that ALL staff should be aware of their local early help process and understand their role in it. In addition this statutory document makes it clear that any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs;
- Has special educational needs (whether or not they have a statutory education, health care plan);
- Is a young carer;
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- Is frequently missing/goes missing from care or from home;
- Is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- Is in a family circumstance which presents challenges for the child; such as substance abuse, adult mental health problems or domestic abuse;
- Has returned home to their family from care;
- Is showing early signs of abuse and/or neglect;
- Is at risk of being radicalised or exploited;
- Is a privately fostered child.

Everyone needs help at some time in their lives and therefore an ethos of early help is important for any school or PRU.

The coordinated **Catshill offer of early help** is outlined in the table below. We believe that early interventions for children or families, in many cases, will prevent children from experiencing harm.

Catshill will refer to appropriate agencies when help is required to support children, young people or families or to prevent harm.

All Catshill staff must be aware of the Catshill offer of early help. At all times all staff should consider if there is any offer of early help that we can make in order to help a child thrive.

We also liaise with other agencies and people within the local community and in the table below are some National organisations that can support Children, Young people and their Families

<p>E-safety (Online Safety)</p>	<p>Online Activity (phones, computers) can be a serious risk to children: The use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation – technology often provides the platform that facilitates harm. This could involve arresting the person responsible or interviewing them under caution. Cases involving sustained abuse or where someone's life is threatened will be treated seriously. The police will consider all of the circumstances when considering the best response to a report of cyber bullying. They will assess how vulnerable the victim is and what resources are required to trace the offender via social networking sites that often operate abroad and to different legislation. In certain cases it may be difficult to take action if the offender isn't in the UK. Early Help	<p>Early help guidance for professionals</p> <p>What is early help?</p> <p>Early help means providing support as soon as a problem appears, to stop it from getting worse. This could be at any point in a child's life, from birth to the teenage years.</p> <p>Anyone can provide early help – you don't need to be an expert professional. Early help is not about passing the issue on to an expert, but thinking about what is the best support you can offer.</p>

	<p>You can provide effective support by:</p> <ul style="list-style-type: none"> • listening • working with other people who could help • finding out about specialist agencies who could help • filling out an Early Help Assessment with the person you are helping • contacting Children's Social Care if you think the problem is more serious <p>There is a lot of information and advice on the Advice, Care, Health and Support pages as well as detail of local services that can provide support for children, young people and families.</p> <p>Download: Worcestershire Special Educational Needs and Disabilities (SEND) strategy</p>
DDNs (Dangerous Drug Networks)	<p>DDN's are drug dealing gangs who target vulnerable people in order to set up drugs distribution networks.</p> <p>These criminals are using extreme violence to establish a presence, displacing an existing drug supply chain and intimidating rivals, witnesses and victims, this has resulted in local murders.</p> <p>DDN's exploit vulnerable teenagers to become drug runners for their network. Child Sexual Exploitation (CSE)

West Midlands Safeguarding Children Procedures has a page dedicated to [Child Sexual Exploitation](#). It provides information about child sexual exploitation, the roles and responsibilities of relevant agencies and the procedures practitioners should follow to ensure the safety and well-being of children and young people whom it is suspected have been sexually exploited or are at risk of sexual exploitation.

Key facts about CSE

- It affects both girls and boys and can happen in all communities.
- Any young person can be targeted but there are some particularly vulnerable groups: Looked After Children, Children Leaving Care and Children with Disabilities.
- Victims of CSE may also be trafficked (locally, nationally and internationally).
- Over 70% of adults involved in prostitution were sexually exploited as children or teenagers.
- Sexual violence or abuse against children represents a major public health and social welfare problem within UK society, affecting 16% of children under 16. That is approximately 2 million children.

Honour based violence (HBV)	<p>Honour’ based violence (HBV) occurs when perpetrators believe a relative or other individual has shamed or damaged a family’s or community’s ‘honour’ or reputation (known in some communities as izzat), and that the only way to redeem the damaged ‘honour’ is to punish and/or kill the individual. ‘Honour’ based violence is a term that is widely used to describe this sort of abuse however it is often referred to as so called</p>

	<p>‘honour’ based violence because the concept of ‘honour’ is used by perpetrators to make excuses for their abuse. The term ‘Honour Based Violence’ is the internationally recognised term describing cultural justifications for violence and abuse. Honour Based Violence cuts across all cultures and communities: Turkish, Kurdish, Afghani, South Asian, African, Middle Eastern, South and Eastern European for example. This is not an exhaustive list. Where a culture is heavily male dominated, HBV may exist. <p>Children Missing in Education (CME)</p>	<p>Children Missing Education (CME) refers to 'any child of compulsory school age who is not registered at any formally approved education activity eg school, alternative provision, elective home education, and has been out of education provision for at least 4 weeks'. CME also includes those children who are missing (family whereabouts unknown), and are usually children who are registered on a school roll / alternative provision. This might be a child who is not at their last known address and either has not taken up an allocated school place as expected, or has 10 or more days of continuous absence from school without explanation, or left school suddenly and the destination is unknown.</p> <p>This is the link for Children Missing Education on the Worcestershire website http://www.worcestershire.gov.uk/info/20595/behaviour_and_attendance/293/children_missing_education</p> <p>Babcock Prime – Educational Welfare Team: Primeedinvservice@babcockinternational.com 01905 678138</p>

<p>Missing Children and Adults Strategy (vulnerable children and adults who go missing)</p>	<p>Every year an estimated 200,000 people go missing in the UK. In some cases, missing adults may have made a choice to leave and ‘start their lives over again’, but the vast majority of missing people, children and adults, are vulnerable and need protection and support. The strategy has three key objectives which provide the right foundations for any effective local strategy to tackle this issue: Prevention - reducing the number of people who go missing, including through prevention strategies, education work and early intervention in cases where children and adults repeatedly go missing Protection - reducing the harm to those who go missing, including through a tailored, risk-based response and ensuring agencies work together to find and close cases as quickly as possible at a local and national level Provision - providing support and advice to missing persons and families by referring them to agencies promptly and ensuring they understand how and where to access help. The police should be informed if any child or adult goes missing. The Missing Children and Adults strategy can then be referred to for further information and help. It is a home office publication (2011).</p> <p>https://www.gov.uk/government/publications/missing-children-and-adults-strategy</p> <p>https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/117793/missing-persons-strategy.pdf</p>
<p>Children with family members in prison</p>	<p>Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO (www.nicco.org.uk) provides information to support professionals working with offenders and their children to help mitigate the negative consequences for these children.</p> <p>https://www.solgrid.org.uk/education/safeguarding/child-protection/issues/children-family-prison/</p>
<p>Children and the court system</p>	<p>Children are sometimes required to give evidence in courts, either for crimes committed against them or for crimes they have witnessed. There are two guides to support these children which can be found at http://www.worcestershire.gov.uk/ (young witness booklet for 5 to 11 year olds) which is a pdf. There is also a document called “going to court and being a witness age 12 to 17” which is also found at http://www.worcestershire.gov.uk/ Making family arrangements via court can be stressful and entrench conflict in families. The ministry of Justice has just launched an online dispute resolution service. This can be useful to parents and carers. Got to http://www.worcestershire.gov.uk/ and search for “get help with arrangements.”</p>
