

Creative homework Projects for our Home Learning Heroes!

The children in Year 2 will be taking part in 'Creative Homework Projects' that we would like them to complete over the coming weeks. They will be able to demonstrate their creative talents and share their findings with the whole class.

Your child should choose at least one task. We hope you see this as an opportunity to support your child in their learning as well as having fun!

Shipwrecked - Creative Homework Projects

Please complete at least ONE of the tasks. Here are some ideas to help you.

Tongue twisters

Can you learn any tongue twisters that are about the seaside? Time yourself. Can you say one really quickly? Be ready to perform to your family.

Become an author

Write a story about being shipwrecked on an island. Describe what happened, what you saw and how you felt. Can you illustrate your story?

Outdoor walk

If you went for a walk along a coast line what do you think you might see? List and explain all the things you might see on a beach if you went for a walk. Can you illustrate this also?

Safe internet search with permission from your parents. Do it together as a family.

Find fiction and/or non-fiction about being shipwrecked or coastal areas.

Research

Research amazing facts about the coast either in the United Kingdom or a different country. Maybe you could compare a beach here you have visited to one abroad. Write up your findings.

Beach visit

Have to been to the beach? What was it like? Write a description of what your day was like on the beach. What did you do? What did you see? How did you feel?

Get creative

Create a 3D animal that is found by the seaside. Consider what recycling materials you could use. Can you find out some facts about the animal you have created? Write them down to share.

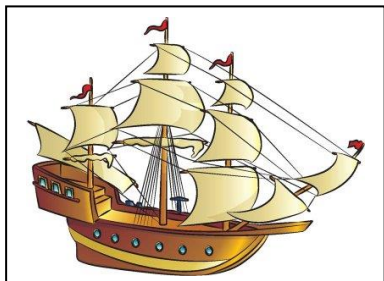

Artists

What artists do you know that paint seaside pictures? Find out about the artist. Have a go at painting/ drawing your own seaside picture. What will you include in it?

Miniature seashore garden

Using natural materials create a miniature seaside garden. Create it in a box so that it is easily transported.

We look forward to seeing the results and may we take this opportunity to thank you for your Continued support.
