

# Creative Home Learning Projects

This half term, our learning will be based around the topic of Dinosaurs. If your child is coming into school, they will do some reading, writing, maths and phonics with a teacher. We will also play games and read stories about feelings and get outdoors to complete scavenger hunts and PE activities. If you are staying at home, we will share these activities online so you can join in too.

We would love to make a Year 1 collage of dinosaurs using this art video tutorial by the illustrator Rob Biddulph <https://youtu.be/bhyCxVPb1qU> Be as creative as you like and send your pictures to [cal27@catshillfirst.worcs.sch.uk](mailto:cal27@catshillfirst.worcs.sch.uk)

Mrs Jones, Mrs Crawford-Brown, Mrs Mercer, Mrs Wiley and Mrs Partridge

## Land Before Time

### Movie making

Work with an adult to produce your own dinosaur movie or show using toys, puppets or models. Evergreen bushes or a rocky or dusty area of your garden or local park would make perfect film sets!

### Become an author

Share stories and poems about dinosaurs with your grown-ups. Take on the role of storyteller for any younger members of your family.

### Jokes and facts

Entertain your family and friends by writing and reading some side-splitting dinosaur jokes or astounding dinosaur facts!

### Science

What did dinosaurs eat? Become a dinosaur dentist to find out about herbivores and carnivores

### Research

Research safely online about the age of the dinosaurs. Can you make a timeline of when different dinosaurs roamed the Earth?

### Animal visit

Visit a tropical animal centre or shop to have a closer look at some modern day reptiles.

### Get creative

Create a dinosaur mask or hat and take a photo to share with us!

### Bird watching

Watch birds in your garden or local park. Look at them closely with binoculars. Do you think they walk like dinosaurs?

### Outdoor walk

Hunt for ferns, yew trees, monkey puzzle trees and other prehistoric plants while you're out and about.

### Geography

What features of the environment existed in the time of dinosaurs? Sort some into 'physical' and 'human'.  
<https://www.oddizzi.com/teachers/explore-the-world/physical-features/>

### Music

<https://www.youtube.com/watch?v=ksNrMyk1Eac>  
Listen carefully. Can you tell when different instruments are played? What have you got at home that you could use to keep the beat? Maybe you could add words to the music.

### History

Find out about Mary Anning and the fossils she discovered.
