

# Maths Scavenger Hunt

From Mrs Stacey (The Maths Queen)

1. Find something that is a cuboid.
2. Find five cylinder shapes.
3. Measure how long your foot is.
4. How many cars can you see from your window?
5. Add up the numbers on each registration. For example  
B176XGA  $1+7+6=14$
6. How many spoons are there in your cutlery drawer?
7. Add the ages of all the adults in your house.
8. Add the ages of all the children in your house.
9. How many fingers do the adults have altogether?
10. How many toes do the children have altogether?
11. How tall are you?
12. How many pages are in the book you are reading?
13. How many pages have you read so far?
14. How many pages have you got left to read?
15. Add together the number of bedrooms in your house with the number of televisions.
16. What shape is your dinner table?
17. Find something larger than your head.
18. Find a repeating pattern.
19. Put your family in height order, tallest first. Who is the smallest?
20. Write five maths scavenger questions of your own.

Good luck and if you want to send your answers in then please do.
