

Week beginning 8.6.20

Hello **Year 2**,

We hope that you are well and have enjoyed the the rain and sunshine this week!

For **Maths** this week you will find lesson ideas on:

<https://whiterosemaths.com/homelearning/year-2/>

There are videos explaining:

- unit fractions
- non unit fractions
- finding half
- finding a quarter

Oak National Academy (this is recently launched). English, Maths and one further subject each day (with a ‘real’ teacher guiding through each lesson) <https://www.thenational.academy/online-classroom/year-2#subjects>

And if you still want to do more then just for fun you could.....

- Choose a number from 1-50 and ask them to list how many ways they could make the number using addition and subtraction
- Online mathe games on <https://www.topmarks.co.uk/>
- Collect items on a nature walk and split them into half or quarters
- Make a homemade pizza and try cutting it in half, quarter to serve to the family!

We would love to see any photographs of the things you make.

Take care and have an enjoyable week.
