

Year 4 Home Learning Projects

4J and 4S

The children in Year 4 will be taking part in 'Creative Homework Projects' that we would like them to complete over the coming weeks. The project for this half term is I am Warrior, a study of the Romans.

We share all these projects in class and always look forward to seeing the results of the children's hard work. We would like the children to bring their completed projects into school week beginning Monday 14th October so that they can share and celebrate each other's talents. We would ask that this project reflects four weeks' worth of work and demonstrates the children's own work with your support in helping them complete their homework.

Thank you for your continued support.

Mrs Jones and Mrs Stacey

Learn Roman numerals and write some calculations using Roman numerals for your friends to solve.	Look at the history behind the eruption in 37AD and make a volcano at home to recreate this. Have a go at using Science vocabulary to explain what happens when a volcano erupts.	Look at Roman artefacts in detail at a local museum. Create a PowerPoint presentation showing the ones which interested you the most and information about them.
Research Roman life using books from your local library. Which were the most useful? Recommend the best one to your classmates.	Try to find a map of Roman Britain. Find out some of the names of towns and cities. What are their modern names?	Write a diary entry as if you are a Roman soldier, a slave in a Roman Villa or a Celtic child. What is your typical day like?
Use an online translation tool to write well-known phrases in Latin, the language of the Romans. Perhaps you could write a birthday (or seasonal) greeting.	Create a Roman Villa out of junk materials such as cereal boxes. Use online images and pictures in non-fiction books to inspire the layout of your villa.	Make a drawing of a Roman God or Goddess. Write a fact file or information about them.
