

Catshill First School and Nursery

Summer Holiday Challenges 2020

Can you complete 1, 2, 3, 4 or even all 5 of our challenges?

All entries will receive a certificate. There will be some prizes too!

1. Read, Read, Read

Have a go at completing the reading bingo on the back of this sheet

Popular last year so we've updated it for 2020

2. Write or draw your lockdown story

All of us have different stories to tell. All of our experiences are worth recording because we're living through an event that will be remembered in history. Find a way to tell your story in words or pictures.

3. Make a video and show us your talents

This was a popular challenge during lockdown and we hope that over the summer holidays you might continue to develop your sports, dances, skills and talents. Use a safe video platform to record your video. You might show a dance, perform a magic trick or show off a different area of expertise.

4. Number Fun

Can you make your own number line? Younger children might make a 0-10 line but others might choose something else. Maybe a number line for one of the times tables so you count in 2s or 7s? You might even make a prime number line. Make it in any creative way you want and send in a photo.

5. EARN A BLUE PETER BADGE

THERE ARE MANY BADGES TO CHOOSE FROM SO THERE'S SOMETHING FOR EVERYONE. CLICK ON THIS LINK AND FIND A BADGE THAT SUITS YOUR SKILLSET OR CHOOSE SOMETHING NEW SO THAT YOU FIND A NEW HOBBY/INTEREST. LET US KNOW WHAT YOU ACHIEVE, <https://www.bbc.co.uk/cbbc/joinin/about-blue-peter-badges>

With any of the tasks, you can send photos to us at homelearning@catshillfirst.worcs.sch.uk
(please remember to put your name and new class)

Bring/send in your entries in the first week back in September.

These fun challenges are for any child from our school who wishes to take part.

This year, the libraries' summer challenge invites you to join the **Silly Squad**. Look here for details [Summer Reading Challenge 2020](#)

Summer Reading Bingo

Can you complete a line? A column? Or even the whole grid? Your whole family could join in too!
