

# SEASIDE HOLIDAYS

## ACTIVITIES FOR HOME LEARNING

Please choose at least *ONE* activity to try at home.  
Please bring your creations or photos into school before *Friday 20th May*.

### Tongue twisters

Can you learn any tongue twisters about the seaside?

### Become an author

Write a story about a holiday on an island. Can you illustrate your story?

### Outdoor walk

If you went for a walk along the coast what do you think you might see?

### Library Hunt

Find a book about the seaside or other holiday destinations.

### Research

Research amazing facts about the coast in the United Kingdom or a different country.

### Beach visit

If you have been to the beach, bring in photos and tell us about your trip.

### Get creative

Make a creature that lives in or by the sea using any materials you like.

### Artists

Find out about an artist that paints seascapes. Have a go at painting your own seaside picture.

### Miniature seashore

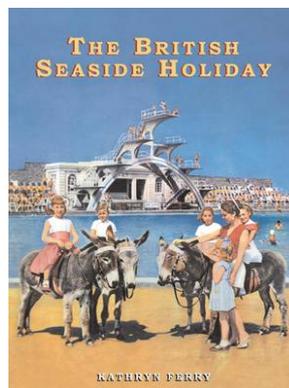

Use natural materials to create a miniature seaside scene.

We love to display your creations (art, writing, models, posters, anything!) in the classroom and each child will be awarded a certificate. We choose three projects to present in assembly each half term too.

May we take this opportunity to thank you for your continued support.

Mrs Mercer

Mrs Wiley

Miss Fletcher

Mrs O'Brien

As scientists we will explore a range of habitats, comparing living things that thrive by the sea and in our local area. We will identify what makes things 'living' and 'non-living'..

As historians, we will research seaside holidays in the past and compare them with modern day holidays using books, photos and the internet.

Using our computing skills we will become expert photographers, investigating lighting and filters.

As artists we will explore a range of artistic techniques and create seaside scenes using mixed media.

As writers we will write narratives using correct tense, noun phrases and words with the suffixes -ment, -ness, -ful, -less and -ly.

## Year 2 Summer 1 2022 Holidays

In D&T we will be designing bathing machines like those used on beaches a long time ago. They will have wheels to travel over the sand.

In music we will appraise, improvise and compose music using instruments with the theme 'Friendship Song'.

Important information  
PE is on Tuesday and Thursday.  
Remember to bring your kit to change into.  
2M - Forest clothes/footwear for Friday please

As mathematicians we will learn how to measure length and height accurately using cm and m. We will describe position and direction and learn about half, quarter and three quarter turns.

In PE we will develop bat and ball skills and learn to play games including tennis, rounders and cricket.

In RE we will discuss the question 'How should we care for others and the world, and why should it matter?'

In PSHE we will discuss online safety - how we interact with others safely on the internet and whether to trust what we see online.
