## Unlocking the Learning

We are looking forward to receiving some fantastic examples of home learning. We believe it is very important that every child has the opportunity to engage with learning at home. If you have any problems or concerns please do not hesitate to contact us via email (above) or epraise.

The project for this half term is "Coasts". We look forward to seeing the results and would like all the children to share their work via email by Monday 11th July so that we can share and celebrate each other's talents before the end of term. Mrs Plant loves sharing the children's home learning in a special assembly every half term and displaying pieces for everyone to see in the corridor. Thank you for your continued support.

Mrs Stacey, Mrs Fay and Mrs Kneale

Write an imaginative story where you are stranded somewhere on a beach. How did you get there? How will you get home?	Research a popular holiday destination on the coast. This can either be at home or abroad. What does the destination offer and why should people visit there?	Design a poster to advertise the holiday destination of your choice. Encourage people to visit with your choice of words and images.
Write a shopping list for your family's holiday. What do you need to take with you if you are going away for a week? Maybe your parents can help you with what they would take.	Make an alphabetical list of places you can visit. Can you find an interesting fact about some or all of the places?	Design your own coastal resort. What types of activities would people be able to do there?
Can you write a diary of a time you went on holiday to the coast? You can include photographs of what you did there and tell everyone what it was like.	Research coastal features and write a non-chronological report about them. Remember to use the right features, a heading, subheadings, paragraphs, information, images and captions.	Complete some beach art. Draw shells or beach wildlife.

As artists we will be learning to sew and making flags for sandcastles.

As writers we will be innovating stories we have read, developing our use of direct speech.

As mathematicians we will be studying shape and measures.

As geographers we will learn about the features of coasts.

**Year 3  
Summer 2  
Coasts**

As designers we will be making safety signs for the beach using pneumatics.

Using our computing skills we will be working on how computers connect.

As readers we will be reading Flotsam, Song of the Dolphin Boy, non-fiction books on coasts and holiday brochures.

As linguists we will be learning about classroom stationery in French.

In PHSE we will learn why money matters.

In PE we will be learning about the throwing, jumping and running in athletics.

Important information  
PE is on Wednesday  
Forest School is on Friday for 3FC

In RE we will looking at how and why people mark significant events in life.
