Unlocking the Learning

We are looking forward to receiving some fantastic examples of home learning. To support any children who find it more challenging to achieve their home learning we will be offering resources and ideas in school to get them started. We believe it is very important that every child has the opportunity to engage with learning at home. If you have any problems or concerns please do not hesitate to contact us via email above or epraise.

The project for this half term is "Local History". These tasks will be set as part of our learning and will give you the chance to really develop the children's understanding of the planet on which we live while researching and completing them.

We look forward to seeing the results and would like all the children to share their work by either bringing it in or via email so that we can share and celebrate each other's talents before Friday 9th December. Thank you for your continued support.

| Writing | Research | Creative |
|--|--|---|
| Can you write a report on a listed building you have designed and created? When was it built? What was it used for? Who used it? Why does it deserve to be listed? | Research a listed building and write a report on it. When was it built? What has it been used for? Why does it deserve to be listed? | Can you draw some of the famous listed buildings in Worcestershire, or even further afield? |
| Design a poster to tell people about a listed building and how they can support it. | What does a building have to do to get listed status? Why do some buildings receive listed status while others do not? | Can you make a model of a listed building? Use old boxes to help you build your design. |
| Write a set of guidelines for caring for a listed building. Perhaps we can use them to teach other children how to care for listed buildings? | Research other countries and listed buildings they have. Are they very different from ones in this country? | Can you design your own building and draw it? Use whatever you like to draw with. |

As scientists we will be studying rocks and soil.

As writers we will studying the texts The Three Little Pigs and writing newspapers and designing leaflets.

As mathematicians we will be learning about addition and subtraction.

As historians we will be learning about Local History, and will visit Avoncroft Museum.

**Year 3
Autumn 2
Local History**

As designers we will learning about textiles.

Using our computing skills we will be creating a presentation in Adobe Spark.

In music 3S will be learning the cornet on Fridays and 3B will be exploring playing skills using the glockenspiel.

In PHSE we will be learning about being ourselves.

In PE we will be further developing about gymnastic skills.

Important information
PE is on Monday and Wednesday
Forest School is on Friday for 3B.

In RE we will be learning what Christians learn from the creation story.
