## Unlocking the Learning

We are looking forward to receiving some fantastic examples of home learning. To support any children who find it more challenging to achieve their home learning we will be offering resources and ideas in school to get them started. We believe it is very important that every child has the opportunity to engage with learning at home. If you have any problems or concerns please do not hesitate to contact us via email above or epraise.

The project for this half term is "The Bronze Age and Iron Age". These tasks will be set as part of our learning and will give you the chance to really develop the children's understanding of this historical period at home while researching and completing them.

We look forward to seeing the results and would like all the children to share their work by either bringing it in or via email so that we can share and celebrate each other's talents before the end of term. Thank you for your continued support.

Writing	Research	Creative
Imagine you were around in The Bronze Age and Iron Age, what types of things would you have done in a typical day? Write your diary.	Why not find out what the roles and responsibilities of an archaeologist are. You could then create or dig up your own special artefact.	Can you create something from the Bronze Age and Iron Age period? Perhaps a tool of your own using recycled materials?
Write a report on the key achievements in the Bronze Age and Iron Age.	Research any aspect of the Bronze Age and Iron Age. BBC Bitesize page on how Iron Age people lived: <a href="https://www.bbc.com/bitesize/articles/z8bkwmn">https://www.bbc.com/bitesize/articles/z8bkwmn</a>	Can you make a model of a traditional round house made from wattle and daub?
Search through the British Museum's Bronze Age and Iron Age artefacts and write a report on them. <a href="http://www.britishmuseum.org">www.britishmuseum.org</a>	Find out about the food of the time and write a day's menu. Would you have liked to eat the food they ate then? Why?	Research the Snettisham Hoard and sketch or make your own model of the jewellery of the period.

As scientists we will be learning about forces and magnets.

As historians we will be learning about the Bronze age and Iron Age. We will be visiting Bishops Wood to further develop our knowledge.

Using our computing skills we will be programming events and actions.

In PE we will be developing our dance skills.

As writers we will be developing our use of fronted adverbials.

**Year 3**  
**Spring 1**  
**Bronze Age and Iron Age**

As readers we will be reading The Tin Forest and extracts from The Iron Man.

Important information  
PE is on Wednesday and Fridays.  
Forest School is on Thursday for 3S.

As mathematicians we will be learning about fractions.

In Music we will be composing and 3B will continue their ukulele lessons.

As designers we will be creating bendy bags through our use of textiles.

In PSHE we will be looking at a topic called Health and Wellbeing.

In RE we will look at what it is like to follow God.
